"Volunteers...the Core of the Credit Union Philosophy"

Volunteers are the backbone of Westminster Federal Credit Union's success. The **Board of Directors** are responsible for setting the direction of Westminster FCU. These Duties include: safeguarding members' deposits; establishing and reviewing policies; responding to members' financial needs; and ensuring the Credit Union's continued strength, growth and integrity. The **Supervisory Committee** is responsible for safeguarding members' deposits; conducting periodic audits; and overseeing both the Credit Union's Board and an annual financial exam. In return for their service, volunteers receive the satisfaction of being part of the "People Helping People" philosophy that has made credit unions globally successful.
